INTRODUCING

STYLE COLLECTIONS

Carefully paired collections showcasing the versatility of Kitchen Craft Cabinetry. Explore a range of design aesthetics and discover the elements that best reflect your style and the way you live.

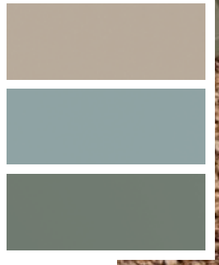

CURATED TRANSITIONAL

BALANCED / INTENTIONAL / WELCOMING

Effortlessly balanced. Designed with intention. Natural wood tones and soft opaques pair with organic textures and sleek matte hardware — elements that seamlessly work together calling you home.

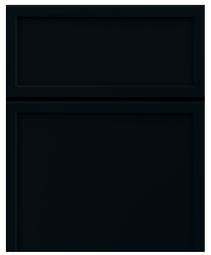

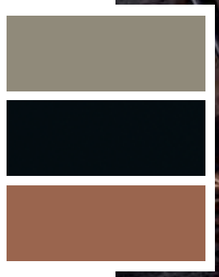

ALPINE EDGE

NATURAL / REFINED / GROUNDED

The quiet confidence of a modern mountain home. Rich wood tones and deep moody finishes meet soft, complex grays, grounded by natural stone and mixed metals, the kind of texture that reminds you of where you are. Refined but approachable. It just works.

DESERT VILLA

WARM / EARTHY / CREATIVE

Sun-drenched and going with the flow. Sandy stains and soft, warm opaques pair with matte terracotta and that raw desert texture – a space that naturally intertwines wellness with creativity. Earthy minimalism for the artsy soul.

COASTAL RETREAT

LIGHT / AIRY / RELAXED

Breezy sophistication grounded in light, texture, and quiet restraint. Natural wood grains pair with soft, muted greens and blues to create a space that feels unhurried — like the best version of a morning with nowhere to be.

STORIED HOME

TRADITIONAL / CHARACTER / ENDURING

Rooted in tradition, crafted in character. Approachable wood tones meet creamy off-whites and traditional raised-panel doors — a timeless sense of comfort and familiarity that never needed to follow a trend. This is the home that gets better with every chapter.

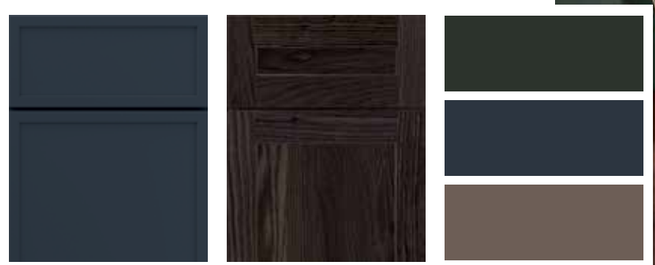

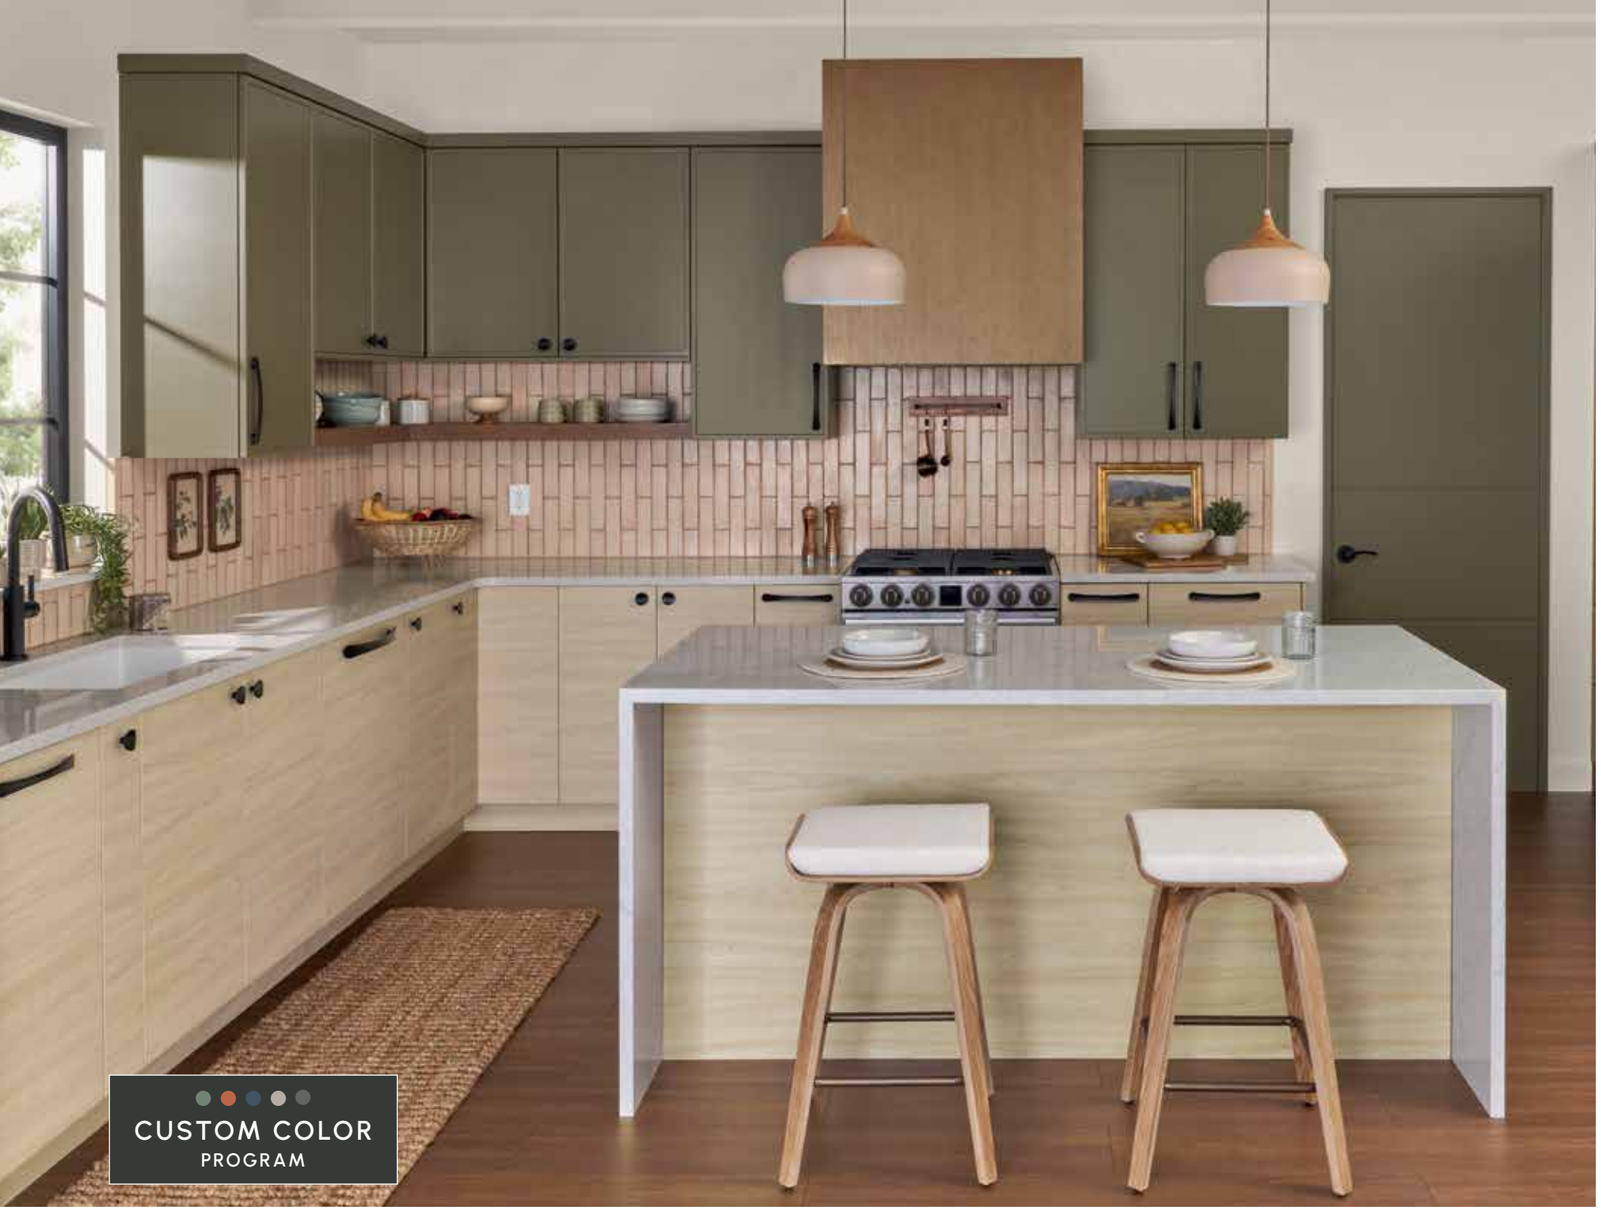

MIDNIGHT OAK

BOLD / SOPHISTICATED / DRAMATIC

Unapologetically bold and deeply sophisticated. Rich dark wood tones pair with deep navy and bottle green — a jewel-toned palette for a room that makes its presence known. Brass hardware, moody finishes, and the quiet confidence of a space that can't be overlooked.

BALANCED BY DESIGN

Combining custom color cabinetry with warm woodgrain textured finishes, this kitchen showcases a layered approach to design. The contrast of color, texture, and materials creates visual depth while maintaining a cohesive and welcoming feel. The result is a space that feels refined, approachable, and effortlessly personal.

SEAMLESS INTEGRATION

Create a clean, cohesive look with appliance panels designed to blend naturally with surrounding cabinetry. It's a subtle detail that makes a lasting design impact.

FOR MORE STORAGE SOLUTIONS:

Visit kitchencraft.com/interiors

Thoughtfully designed storage solutions help bring order to everyday life.

From cooking and entertaining to daily routines, every detail is designed to keep essentials organized, accessible, and close at hand.

Integrated Refrigerator

Transform refrigeration into a seamless part of the design with cabinetry panels that create a refined, built-in appearance.

Integrated Dishwasher

Maintain visual continuity throughout the kitchen by concealing the dishwasher behind matching cabinetry.

Base Hidden Drawer

Add an extra layer of organization with a concealed drawer designed to keep smaller items neatly tucked away.

Base Pantry Pullout

Keeps oils, spices, and cooking essentials neatly organized and within easy reach.

Roll-Out Trays

Roll-out trays bring stored items forward, making everyday essentials easier to see, access, and organize.

Base Pullout

Store kitchen towels and baking trays inside the cabinet for convenient access while keeping countertops clean and tidy.

Wood Lazy Susan

Maximize every inch of corner cabinetry with rotating shelves that make often-underused space work harder for your kitchen.

Double Waste Bins

A versatile storage solution that can be used for waste, recycling, pet supplies, or other household essentials while keeping them conveniently out of sight.

Double Waste Bins

Thoughtfully integrated into the cabinetry, this solution keeps waste and recycling out of sight without sacrificing valuable floor space.

Tall with Full Width Drawers

Maximize storage with spacious drawers that make pantry items, serving pieces, and household essentials easy to organize and access.

WORK YOUR WAY

Design a home office that works for you. Thoughtfully arranged with personalized touches, this dedicated workspace inspires creativity and productivity. Take charge of your day—all without leaving the comfort of home.

Desk Cabinet Waste Bin.

We've got you covered with this absolute must-have. The waste bin stays close at hand but fully out of sight—keeping your workspace clean and clear. Now that's good work!

Smart Storage for a Cleaner Workspace.

Maintain a sleek, clutter-free workspace with a pullout tray designated specifically for your printer. Neatly tucked inside a cabinet, it offers quick access when you need it and stays out of sight when you don't.

When a painted finish is specified, the center panel may be constructed of Medium Density Fiberboard (MDF).
MDF provides a smoother finish when painted, and is more resistant to warping, expansion, and contraction.

WHY CHOOSE A NON-WOOD MATERIAL?

Today's engineered materials offer exceptional flexibility—from realistic woodgrain textures to solid-color finishes and ultra-high gloss surfaces. Each option is designed to balance style, durability, and ease of maintenance.

CONSISTENT APPEARANCE

Every door and drawer front is manufactured to provide a uniform color, texture, and finish.

LOW MAINTENANCE

Most non-wood materials clean easily with mild soap and water and require minimal upkeep.

MOISTURE RESISTANCE

Many non-wood materials perform exceptionally well in kitchens, baths, laundries, and other humidity-prone spaces.

EXPANDED DESIGN OPTIONS

Choose from realistic wood looks, solid-color styles, contemporary gloss finishes, and more.

WOOD VS. NON-WOOD COMPARISON

WOOD

- ✓ Natural grain variation
- ✓ Unique character from door to door
- ✓ Can be stained or painted
- ✓ Traditional craftsmanship
- ✓ Warm, authentic appearance

NON-WOOD

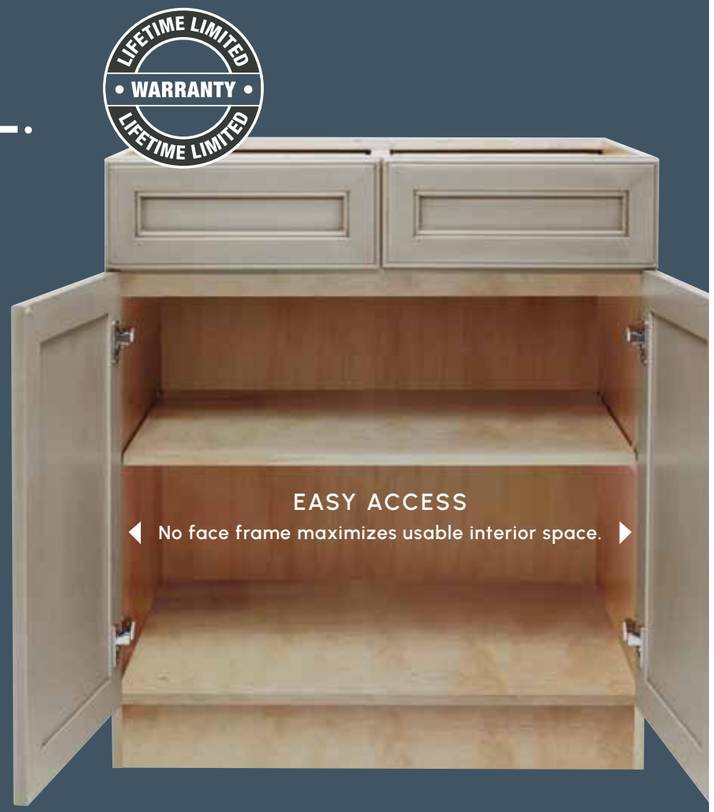

- ✓ Consistent appearance
- ✓ Wide variety of colors and finishes
- ✓ Easy maintenance
- ✓ Moisture-resistant options
- ✓ Modern and contemporary styling possibilities

DID YOU KNOW?

Non-wood materials aren't a single product. Kitchen Craft offeres multiple engineered options – including Melamine, Thermofoil, PureStyle™ and Acrylic – each designed to deliver a unique combination of appearance, performance, and maintenance benefits.
