ENAMEL

Two coats of catalyzed pigmented sealer are applied, oven-cured, and fine-sanded between coats.
The process is completed with a tough catalyzed conversion enamel topcoat to create consistent, enduring finish color.

ENAMEL WITH GLAZE

Glaze is hand-applied to door profiles then wiped off leaving a glaze hang-up in crevices and corners that adds depth and interest to the finish without affecting the base color.

Designer White/Sable Glaze

White Dove/Smoke Glaze

Designer White/Smoke Glaze

Morel/Smoke Glaze

WoodHarbor Chelsea Door Style, Flush Inset in Custom Paint

BRUSHED GLAZE

Glaze is applied with a special technique creating brush marks that add texture and depth in a more subtle manner than the typical glaze hang-up for a unique hand-painted look.

VINTAGE

A multi-step process that includes an Enamel Finish color over a Dark Vintage Stain with hand-detailing techniques, Brushed Glaze, and matte sheen topcoat that suggests the look of antique furniture.

Vintage Designer White (Maple)

Vintage Sand Dollar (Maple)

SAWYER

A collection of multi-step processes that create a time worn look. The rugged appearance is achieved with vigorous rub-through, distressing, and Brushed Glaze that ranges from light to heavy for an authentic, primitive look.

Sawyer Picket Fence (Knotty Alder)

Sawyer River Dock (Knotty Alder)

Sawyer Paddle Wheel (Knotty Alder)

Sawyer Jackson's Island (Knotty Alder)

Sawyer Smoke Stack (Knotty Alder)

STAIN

MAPLE

Stain:

Requires no wiping helps blend the natural variations in the wood grain for smooth, consistent finishes that are both beautiful and enduring.

Hand-Wiped Stain:

Meticulous sanding creates a smooth surface for finishing. Stain is applied by hand and rubbed in to penetrate and seal the grain with a tough catalytic conversion varnish topcoat and oven cured for rich, lustrous, and durable finishes.

Stain Glaze:

Glaze is applied on corners and profiles to create a hang-up that accents the edges and crevices that adds depth and interest.

Hand-Wiped Stain Glaze:

Glaze is hand-applied over the entire surface slightly tinting the base stain color and leaving hang-up in crevices and corners for color with natural warmth.

Classic Collection:

A two-step finish process that creates deep, intense color and accentuates grain patterns for the elegant look of fine furniture.
